NEW YORK POWER AUTHORITY FISHING PIERS TO OPEN

The New York Power Authority (NYPA) announced the fishing pier at the base of the Robert Moses Niagara Hydroelectric Power Plant will open for the season on Saturday, March 30.

The fishing piers near the Upper Mountain Fire Co. at the Lewiston Reservoir and

at the water intakes along the upper Niagara River will also open for the season on March 30. The fishing pier at the base of the power plant and access to the top of the reservoir will be closed on Monday, April 8.

Additionally, the fish-cleaning station and handicap access elevator at the dam site

will be available when temperatures remain above freezing. The fishing sites, which will open earlier than usual due to a lack of ice in the Niagara River, will close in sub-freezing temperatures or icy conditions.

Parking to access the fishing site at the base of the pow-

er plant is available near the road that leads to the pier.

Unless otherwise noted, NYPA fishing facilities are seasonally open daily from dawn to dusk and are admission free.

For more information about the Power Authority's fishing piers, call 716-286-6662.
