

Youngstown Garden Club presents Plant-O-Rama 2024

By Colleen Summerville

Building on the success of last year's inaugural Plant-O-Rama, the Youngstown Garden Club will present Plant-O-Rama 2024 on Saturday, June 8, from 9 a.m. until 2 p.m. at the Youngstown Village Center, located at 240 Lockport St.

Centered on the Garden Club's traditional annual perennial plant sale, Plant-O-Rama is evolving to become a signature spring festival in our region, celebrating the beginning of the growing season.

With an increased focus on environment and ecology, many components of Plant-O-Rama will align with this theme, while promising a fun, family-friendly experience. The plant sale will offer several varieties of native tree seedlings and many native pollinator plants along with a typical array of garden favorite perennials, herbs and

beautiful annual hanging baskets.

A sampling of the many environmental organizations in our region will be present from 1-2 p.m., with informational displays staffed with

knowledgeable volunteers. These include the WNY Land Conservancy, Niagara County Soil & Water, Buffalo Niagara Waterkeeper, Cornell Cooperative Extension

Niagara County, and the Hawk Creek Wildlife Center with an exhibit of some of its rehabilitated animals.

Activities for children of all ages abound, with face-painting by Paint Me Funky, a flower power chalk walk, rock painting and plant-a-pot. Petey's Treats and Youngstown Marketside will be on hand with food and beverages for sale, and music will be provided by Andrea & Me from 11 a.m.-noon and 12:45-1:45 p.m., and Nan Hoffman and Joe Tumino from noon-12:45 p.m.

Andrea & Me feature Andrea Zaccarella and Robert Johnson, a professional acoustic duo from the area performing music from

the '60s through present day. Nan and Joe will present "Songs for a Livable Land," featuring nature-themed music for a family audience. Children will enjoy participating in their show in fun and creative ways.

Visitors will also have an opportunity to see the club's newly planted native plant garden, just one of the local gardens that comprise the Niagara River Butterfly Trail, and our centerpiece perennial garden, both on the grounds of the Youngstown Village Center.

Come spend a day with us at Plant-O-Rama. You'll create family memories to last a lifetime – and enhance your lawn and garden with some new plants while you're at it! For more information, visit www.facebook.com/youngstown-gardenclub.

Aging Well

According to a three-year study authored by a member of the RAND Corporation Research Institute, older people who utilize chiropractic care experience better overall health than seniors who do not avail themselves of chiropractic treatment. Specifically, the older chiropractic patients reported fewer symptomatic chronic conditions, shorter stays in hospitals and nursing homes, and greater mobility. In addition, older individuals who went to the chiropractor regularly were less likely to use prescription drugs and were more likely to exercise regularly. Chiropractic care addresses the preventative and rehabilitative needs of older patients, a prescription for good health maintenance.

In my practice, we use several gentle, non-force techniques for my senior patients. Osteoporosis/osteopenia, arthritis, joint replacements, previous surgeries, and postural restrictions all require careful consideration and gentle handling to help alleviate pain or improve mobility.

By restoring balance, strength, good nutrition and flexibility to an older body, there is a corresponding increase in energy and vitality.

Rose Chiropractic, P.C. is located at 435 Ridge St., Lewiston. A natural health care practice focused on health improvement through Nutrition Response TestingSM and chiropractic, dedicated to providing you with a care program designed for your age, condition and lifestyle.
