SPCA PET OF THE WEEK

Meet Goku!

Goku is eight months old, 45 pounds, and running on a level of energy that feels... professionally sponsored. Not chaotic, not out of control-just a dog who wakes up ready to go and doesn't see much reason to stop.

He's a Shepherd/Greyhound mix, which means you're getting speed, curiosity, and a brain that's always looking for the next thing to do. Goku is still very much a puppy, and like a lot of teenagers, he explores the world with his mouth. Toys, hands, sleeves-if it's within reach, it's part of the investigation. Because of that, he's going to do best in a home without young kids and with people who are ready to give him structure, outlets, and a little guidance as he grows up.

The upside? This is a dog who will meet you wherever you are-hikes, runs, long play sessions, training work. He's not here for a slow-paced lifestyle. He's here for movement, engagement, and someone who appreciates a dog that lives life all the way out loud.

Goku would likely enjoy another playful dog who can match his energy and help burn some of it off in a healthy way. Cats are unknown at this time.

He's fun, he's smart, and he's going to be a really good dog for someone who wants to put the time into him.
