Welcome to NT, Dr. Chad

Upward Niagara Chamber of Commerce member Chad E. Szymanski, DO, celebrated a ribbon-cutting at his office located at 525 Wheatfield St., Suite 1, in North Tonawanda. A press release noted, "Dr. Chad's approach to primary care medicine is to be available to his patients and to provide personalized, proactive medical care. His practice is part of MDVIP." The Upward Niagara Chamber of Commerce coordinated the ribbon-cutting with Dr. Chad, his family and staff, and elected leaders. (Submitted photo)

NYS: Record-setting Mega Millions jackpot brings millions in benefits to New York

New York's Lottery sales, while jackpot grew, generated millions of dollars in aid to education and commissions for New York retailers

The record-setting \$1.602 billion Mega Millions jackpot proved to be a significant economic benefit for New York, generating more than \$68.9 million combined for New York public schools and Lottery retailers, the state announced Thursday.

The Mega Millions jackpot roll to the record prize resulted in 32 drawings until the winning ticket was drawn on Aug. 8. In New York state, Mega Millions ticket sales totaled \$168.07 million during the run.

A press release stated, "All of New York Lottery's profits from sales are constitutionally dedicated to New York's K-12 public

schools, totaling \$58.82 million. Commissions on Mega Millions sales paid to retailers across the state totaled \$10.08 million."

"For decades, New York's schools and lottery retailers have seen real benefits from lottery sales," said Gaming Commission Chair Brian O'Dwyer. "Even though Wednesday's Mega Millions top prize was won elsewhere, New York's students and small businesses across the state continue to be repeat winners. We will continue to promote responsible enjoyment of these fun and exciting games, and look forward to the next jackpot."

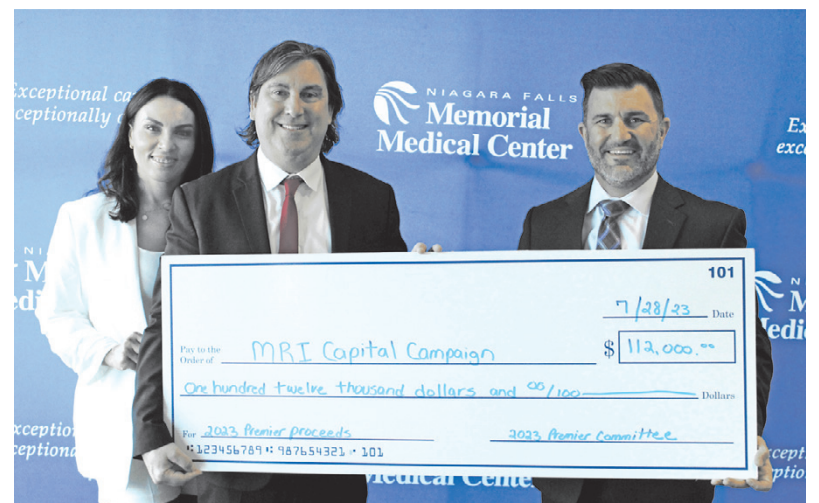

Multiple New Yorkers won prizes totaling \$4.9 million in prizes of \$10,000 or more during the Mega Millions roll up between April 21 and August 8:

- √ Four \$1 million second prize winners
- √ 76 third prize winners of \$10,000
- √ Six Megaplier third prize winners of \$10,000 at various levels totaling \$180,000

Last month's \$1.08 billion Powerball jackpot generated \$46.9 million in aid to education in New York, and \$8 million in commissions for retailers.

The press release added, "The New York Lottery is committed to providing players with a range of fun, entertaining games in a socially responsible manner. Those seeking help can visit www.NYProblemGamblingHelp.org or call New York state's confidential HOPEline at 1-877-8-HOPENY (1-877-846-7369) or text HOPENY (467369). Standard text rates may apply."

2023 Premier Gala supports MRI capital campaign

Pictured, from left: Sheryl Muscarella, Dr. Peter Muscarella and Dr. Travis Mastroianni. (Submitted)

Premier Gala 2023 co-chairs Dr. Peter and Sheryl Muscarella present a check for \$112,000 to Dr. Travis Mastroianni from Southtowns Radiology. The funds were raised by the sponsors and 600-plus attendees at Memorial's signature event, which was held at the Seneca Niagara Resort & Casino on April 29. The Premier Gala honored NFMCC's own Dr. Jeffrey Burnett, program director of the family medicine residency program; and Sam and Maralynn Giancola.

Proceeds will support Memorial's campaign to acquire a new 3T magnetic resonance imaging (MRI) unit, to be housed on the medical center's 10th Street campus.

A press release stated, "The MRI Imaging Center of Niagara will provide patients across the region with access to higher-quality scans, faster diagnosis, and early detection of cancers and other diseases at treatable stages."

To join NFMCC on the journey towards a new MRI, visit www.nfmcc.org/mri-center-of-niagara/ or call 716-278-4604.
